"I can't tell you how grateful I am
to have these photographs.
You captured moments of everyday
interactions and somehow made
them magical."

MY STYLE

I'm inspired by the simple sweetness of the everyday, the stories of families being themselves. I love using natural light because of its beautiful, soft quality, and how it changes over time. In the autumn, when the sun is low in the sky, it creates a hazy, ethereal effect. Summers are for crisp, bright smiles and winter has a calm, white purity to it. With spring comes a joyful relief, a soaking in of warmth and light. I work with these colours, or the lack of them, to capture authentic, emotive images of real family connections. No posing necessary. No forced smiles. **I believe in surprises, in little messes, in moments when kids think no one is looking.**

MY APPROACH

Perhaps because there's a part of me that still feels like a child, I have a very fun, easy-going personality, and my shoots are playful experiences. Sometimes there are games of hide-and-seek or ice-creams along the river. I only shoot on location in places that hold a special family meaning. Whether it's your home or a favourite park, the places you'll always remember are the most natural settings for your story.

To get the most authentic photographs, I allow the children to dictate the flow of the session. Being a mother, too, I know how important it is to be patient and calm as a newborn is fed and comforted, or as a toddler slowly sheds her camera shyness. Occasionally, I may give some gentle direction to make sure everyone is in the best light, but I am mainly an observer capturing memories as they unfold.

Year after year, clients ask me to document their growing families. Seeing children and their parents blossom over time inspires me. I love that I get to play a part in capturing the magic of childhood and preserving it forever.

FREQUENTLY ASKED QUESTIONS

BEFORE THE SHOOT

WHAT IS THE BEST AGE TO HAVE MY BABY

PHOTOGRAPHED? There isn't a 'best time' as such – you'll find your baby will change so much, so quickly and every age and milestone is special.

WHERE ARE YOU BASED? I am based in beautiful Richmond-upon-Thames and cover west London including Teddington, St Margarets, Twickenham, Kew, Barnes, Chiswick, Wimbledon and Kensington & Chelsea. I also cover most of Surrey including Kingston-upon-Thames, Esher, Cobham and Weybridge. I am also available for location shoots in central London.

THE PHOTO SHOOT

HOW DO WE PREPARE? My biggest tip in preparing for a photo shoot is to relax. The less pressure you put on yourself, and your family, to get 'perfect shots' – the more likely we are to get them. I will send you plenty of information before the shoot with tips on how to prepare and we will also have a chat over the 'phone to go through any questions and ideas that you have.

WHERE AND WHEN WILL THE SHOOT TAKE PLACE?

The shoot will take place in your home or outside, somewhere you enjoy spending time as a family. I have photographed families in parks, out in the countryside, by the river and also in central London. I am also happy to include both for older babies and children if you want to mix things up a bit, I do suggest choosing somewhere close by. Most shoots take place in the morning and when I arrive at your home I will look around to see what rooms have the best light and backgrounds.

WHAT DO WE DO IF THE WEATHER IS BAD? In the lead up to your shoot I will keep a close eye on the weather forecast. If it looks to be wet we have a few options, including changing location or re-scheduling (please note this is subject to my availability). Please do not worry if the day turns out to be grey and cloudy, overcast skies produce beautiful soft light which is very flattering.

CAN WE RESCHEDULE IF MY CHILD IS ILL?

Absolutely, it's important that we get your baby or child is at their best in order to capture happy memories. I am happy to offer one re-schedule free of charge due to illness. Please note that further re-schedules are subject to a re-booking fee

AFTER THE SHOOT

HOW DO WE CHOOSE OUR PHOTOGRAPHS?

Approximately two weeks after your shoot, I will send you a link to your private online proofing gallery. I am on hand to help you choose your photographs and provide recommendations for the different display options available. Your gallery will be live for two weeks for you to decide which photographs you would like to buy. You can order online, by email or over the telephone – whatever is easiest for you.

HOW MANY PHOTOGRAPHS SHOULD WE EXPECT?

Your gallery will consist of approx 40–60 fully edited and lightly retouched photographs.

HOW LONG SHOULD IT TAKE TO RECEIVE MY

ORDER? Digital files can be provided within 24 hours of receiving payment, other products will take a bit longer. Prints approximately a week, wall frames two weeks and fine art albums approximately 4 weeks after the artwork has been approved.
